Number at risk

The figure consists of two horizontal bar charts. The top chart, labeled 'EFS:Low PC5' in orange, shows the number of files for each PC5 level (0 to 9) over 4000 days. The bottom chart, labeled 'EFS:High PC5' in blue, shows the same for the high PC5 level. The x-axis for both charts is 'Time (days)' ranging from 0 to 4000. The y-axis for both charts is 'PC5' levels from 0 to 9.
